2nd June 2026

Dear Parents and Carers,

As part of our Personal, Social, Health and Economic (PSHE) curriculum, our Year 6 pupils will shortly begin their Relationships and Sex Education (RSE) lessons. Some of these sessions will be delivered in partnership with our School Nursing Team.

We recognise that RSE is an important aspect of children's education and development, and we value working closely with parents and carers to ensure families feel informed and supported.

To provide an opportunity for transparency and discussion, we would like to invite parents and carers to attend a viewing session where the School Nurse will share and explain the content that will be covered during the upcoming lessons. During this session, parents will have the opportunity to view the teaching materials and ask any questions regarding the programme.

The session will outline both:

- Statutory content – topics that schools are legally required to teach as part of Relationships Education, Health Education, and aspects of RSE under Department for Education guidance.
- Non-statutory content – additional content chosen in liaison with the School Nursing team to support pupils' understanding and prepare them appropriately for the transition to secondary school and wider life experiences.

We hope this opportunity will help provide clarity about the curriculum and allow parents and carers to feel fully informed about what their child will be learning.

- **Date: 8th June 2026**
- **Time: 14:30**

We look forward to working together to support our children as they continue to grow and develop.

Kind regards,

Mrs Bushell & Mrs Kettle-Moore
